

Teacher "End of Schoolyear" Gift

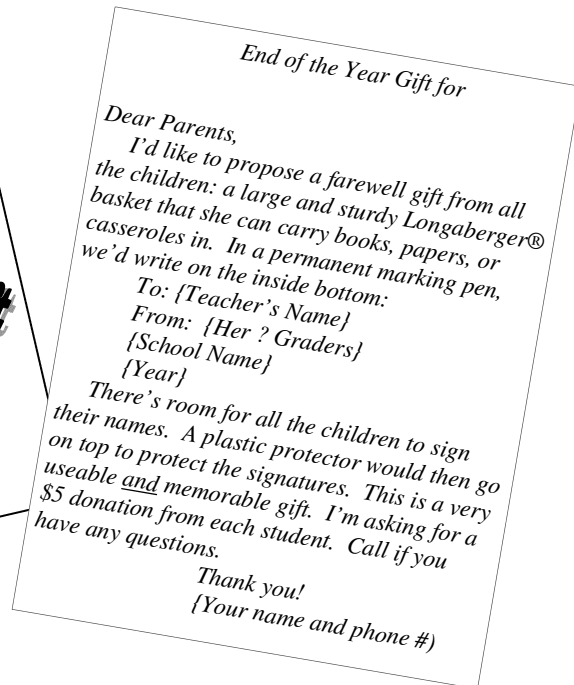

Would you like to get something special for your child's teacher this year?

Try a Longaberger® Medium Gathering Basket with Protector!

The teacher's name, school, grade, and year go on the inside long reinforcing slats. The children sign their names on the weave slats (enough for 25 kids) on the bottom. The protector then protects the names from any spills or wear. Your teacher has a long-lasting, quality, useful gift that she can show off to her friends and family!

Make a special memory for her today! Delivery is approximately 4 weeks, so order now to receive it by the end of the school year!

This is sure to be a gift she will treasure for years.

If you are interested, call me today! I can give you a template so you can make cards like above. You can print off the template of the above card to pass out to the class!
